The title story, "The Leaving Sweater," is about a young woman who is struggling to come to terms with the death of her father. She finds solace in an old sweater that he left behind, and she begins to wear it everywhere she goes. The sweater becomes a symbol of her grief and her longing for her father, but it also helps her to find strength and comfort in the face of his absence.

The other stories in the collection are equally moving and thought-provoking. "The Ice Bridge" is about a group of people who are trying to cross a frozen river, but they are caught in a blizzard and must rely on each other to survive. "The Muskox Man" is about a man who is living alone in the wilderness, and he must find a way to make peace with his past in order to move on. And "The Dead Man's Float" is about a young boy who is struggling to understand death and loss.

MacDonald's writing is lyrical and evocative, and she has a gift for capturing the beauty and harshness of the North. Her characters are complex and believable, and their stories are both heartbreaking and hopeful. *The Leaving Sweater* is a powerful and unforgettable collection of stories that will stay with you long after you finish reading them.
